BELGIAN SOCIALISTS

SOWING SEEDS OF DISCORD AMONG FRENCH LABORERS.

Tories Will Attempt to Show the Effect of Coercion, Repression and Landlordism in Ireland—King John Snubbed By the Czar—Other Foreign News.

LONDON, Aug. 2.—The strike which originated in Paris a few days ago in the defection of a few hundred navvies, has extended to the inclusion of thousands of that class of workmen, and threatens to involve an immense number of more skilled laborers. As is usual, not to say invariable, in such cases in continental cities, and in London as well, the strike has attracted a great many Socialists to the scene, the most of them coming from Belgium.

This element has for several days been industriously sowing seeds of discord among laboring men not necessarily affected by the strike of the navvies, and unless the police are more alert and show a firmer disposition to quell the prevailing disorder, the control of the idle crowds constantly marching in procession through the principal streets of the city will become too strong for them to handle, and their dispersion must ultimately be given over to the hands of the more numerous and harshly inclined soldiery.

Among the gendarmes the workingman, real or self-styled, finds much sympathy, and his acts of lawlessness upon occasions similar to the present strike are in a great measure overlooked or condoned; but with the military different methods prevail in dealing with mobs.

The fact that the Socialists have taken part in the contest between employer and employer, now being waged in the French capital, must finally prove of great disadvantage to the strikers, despite the fact that the harangues of the leaders of the Communist party are having great effect on swelling the ranks of the paraders, and presumably bringing into the struggle laborers who otherwise would hold themselves aloof from participation in the fight.

The converts from the latter class, however, are comparatively small in number, while the greater number of the recruits are of the class of men who never work, but live upon the earnings of those who do, namely, Socialists. Even in a struggle with the military the honest workmen might have a chance, but the vagrant element has none whatever, and the sooner the former come to a realization of the weight of the handicapper upon them by the sanguinary speeches of their voluntary leaders, the better it will be for them and the greater their chances of winning their fight with their employers.

Already several of the Belgian Socialists who have gone to Paris ostensibly to help the strikers, but really to accomplish objects of their own, are under police surveillance, and the strike will doubtless end with their arrest and imprisonment on sustained charges of crimes or misdemeanors committed, by some of them, years ago.

Parnellism and Crime.

LONDON, Aug. 2.—The house of commons is devoting all its time just now to a debate of the Parnell commission bill. The many amendments offered by the Liberals with a view to restrict the inquiry under it to Mr. Parnell and other individuals to be named and to definite acts and charges have been, as expected, voted down by the Tory majority. The bill is so comprehensive that it is impossible to inquire into anything and everything concerning everybody who is a member of the commons, subject only to the discretion of the commissioners, who are of Tory appointment.

Hence it is Mr. Parnell charges Chamberlain with divulging cabinet secrets while he was a member of the cabinet. It is simply a fight with a view on both sides of creating public sentiment in favor of the opposing Irish politics. On the other side there is certain to be compiled a record of crimes committed in Ireland and by the Irish, and charged to the league and the plan of campaign. On the other side of the Liberals there will be an effort made to hold up before the country a picture of the effects of coercion, repression and landlordism in Ireland.

The Czar Snubs King John.

ST. PETERSBURG, Aug. 2.—The czar has declined to receive the Abyssinian delegation of priests which has arrived here for the purpose of tendering assurances of the friendship of King John, and offering to Russia a port on the Red sea suitable for a coaling station. King John hoped that the czar, on acquiring an interest in Abyssinian trade might checkmate the designs of Italy upon his country. He can no longer rely upon England to do so, as she favors Italy's designs. The czar, however, has ironed enough in the fire.

Foreign Notes.

Crops in France have been disastrously affected by the weather. According to the returns the yield of wheat will probably be 28,000,000 hectoliters short.

Tuesday evening the streets of Friedrichshagen were decorated with triumphal arches, festoons, Chinese lanterns, etc., in honor of the arrival of Emperor William.

A meeting of the United States consuls in Italy will be held in Milan on August 3 for the purpose of discussing the formation of a society to concert means by which the friendly and commercial relations between Italy and the United States may be augmented and consolidated.

The circulation of reports that France intends to seize Tripoli has brought forth a note from a French semi-official source, which says the reports are regarded in government circles as a mask to cover the designs of Italy, whose increase of armaments is due to the fact that she has Tripoli in view.

Smallpox in an Ohio Village.

PARKERSBURG, W. Va., Aug. 2.—Dr. Gillespie, of the health board of Tyler county, reports smallpox at Stringtown, a small town in Ohio, opposite Sistersville. All communication between Sistersville and the infected town is cut off, and the locality quarantined for about two miles on each side of the river. No mails are allowed to leave the town, and government pension officers and other officials not allowed to enter the place.

HOPES FOR INGERSOLL

Harrison, the Preacher, Believes He May Yet Be Converted.

NEW YORK, Aug. 2.—Some years ago Thomas Harrison, the boy preacher, created a great sensation throughout the west by his marvelous influence as a revivalist. He has stirred New York city in the past few weeks such as few speakers have ever done. The old John Street church has not been large enough to hold his congregations, and he has converted thousands of souls.

Speaking of his work, he says: "The success of the revival meetings here have been far beyond my expectations. I am very sanguine as to the results of the work among brokers, merchants and business men by scores at the meeting, many of whom were genuinely affected, and have experienced a change of heart. There is no reason why a man should not be a broker and also a good, consistent Christian."

"As to the conversion of reporters, I fail to see any reason why a man could not be a good Christian and yet be a reporter. I know several reporters who are thorough Christians, and I hope to see many more. Reporters in honesty and integrity compare favorably with many others. Their work is arduous, involving a great many uncommodious qualifications and a capacity for hard work, but they, as a rule, discharge their duties faithfully. I, as well as every other man who wishes to spread the gospel, owe a great deal to the newspapers. The press is the great civilizing agent of the day. It educates the millions who form the masses in morality and religion."

"I think it is not healthful or helpful for women and children to read sensational accounts of murders and scandals, yet I question if it would be right to suppress too much. To learn the punishment which overtakes criminals has sometimes a deterrent effect, but anything morbid, or likely to cater to morbid tastes, should be avoided. I believe that agnosticism is waning before the light of Christianity, and that there are fewer agnostics than the professors of agnosticism would lead us to believe."

"I do not believe it is possible for any reasonable human being to believe in his heart that there is no God. Infidels talk of their souls and let slip words which indicate that they believe in a hereafter in spite of themselves. Even Robert Ingersoll, it seems to me, talks sometimes as if he was forcing himself to believe that there is no God. A man with an intellect like his cannot believe in his inmost heart that there is no God and no future state. I have great hopes that Col. Ingersoll will yet be converted and declare himself openly a Christian. I would not be surprised to see him a member of the church."

THEY GOT INTO THE SAFE,

And Now are Likely to Get Into the Penitentiary.

CHICAGO, Aug. 2.—Frank C. Bush, a well dressed, good looking lad of seventeen years, is locked up at the Central station, awaiting the arrival of an officer from Madison, Wis., with a requisition for him on a charge of burglary. Bush is the son of Ira A. Bush, a well to do Chicago grocer. Frank, about two weeks ago, went to Madison to visit a friend named Harry Shaw, and while he was there young Shaw, with Louis Reed, Fred. Morrell, and three other lads, devised a scheme to break into a safe belonging to Morrill's father.

The plans were successfully carried out and the young burglars realized about \$1,000. There was a great deal of excitement in Madison over the news that Morrill's safe had been robbed, and the entire police force of the city went to work on the case. Saturday night Bush left for Chicago. The following day one of the young thieves weakened, and now the entire gang has been arrested. The Chicago officials were notified that Frank Bush was wanted, and this morning two officers brought him in.

Bush takes the matter very philosophically. "Morrill," he said, "is a fast boy. It was Morrill who devised the robbery."

BESIEGED IN A MINE.

A Murdurous Gang of Alabama Moonshiners in a Tight Place.

BIRMINGHAM, Ala., Aug. 2.—A telegraph operator at Bocton, who arrived here Tuesday night, gave meagre details of a bloody tragedy in Bibb county. For sometime a gang of moonshiners have been operating around the coal mines and railroad camps in that neighborhood. They became so bold they defied arrest, and the last United States marshal who visited that section was run out and ordered never to return. Last Sunday the gang waylaid and murdered a prominent citizen of the county for his money.

This caused such excitement that a posse was organized to hunt the outlaws. They were soon found, and after an exchange of shots the moonshiners took refuge in an old drift of the Brierfield coal mines. The posse of citizens determined to starve them to death if they would not come out and surrender. Monday night one of the moonshiners made a bold dash for liberty, but was shot at by the posse and fell dead. The rest of the gang are still in the mines and the posse is standing guard.

A Minister Attempts Suicide.

AURORA, Ill., Aug. 2.—Rev. Cooper attempted to commit suicide Tuesday by driving a chisel into his heart, but the instrument was turned from its course by a rib. He then cut his throat from ear to ear with a drawknife, but did not sever the jugular vein. He then commenced hacking away at his head with a hand ax. Fully fifty scalp wounds were inflicted before a neighbor rushed in and disarmed him. Cooper is still alive, but is not expected to recover. He is a pastor of the Methodist church at Newark, but resides here. He is over sixty years of age, and was undoubtedly insane at the time of his attempt at self-destruction.

A Mad Dog Gets in His Work.

CHICAGO, Aug. 2.—A mad dog ran amuck through the town of Lake, yesterday, and bit four little boys, besides frightening any number of other people half to death. The dog was finally killed by the police.

Costly Fish.

CONNERSVILLE, Ind., Aug. 2.—A party of substantial farmers—Thompson Cook, Thompson Sutton, P. Shepler, George Jones and others—went fishing with a seine, and have been fined \$5 for each fish caught, or a total of \$50 per man.

RAILROAD DISASTERS.

A LOCOMOTIVE BOILER EXPLODES ON THE READING.

Killing Two Men and Injuring Several Others—Three Tramps Injured in a Baltimore & Ohio Wreck—A Nickel-Plate Freight Goes Through a Trestle.

PHILADELPHIA, Aug. 2.—The boiler of a locomotive on the Philadelphia & Reading railroad attached to the Chestnut Hill accommodation, exploded at 11 p. m. Tuesday at the Ninth and Columbia avenue station, killing the engineer and fireman and injuring five passengers.

The killed are: Andrew Pond, engineer, aged thirty, and Peter Craiglow, fireman, aged thirty.

The injured are: Charles Ryan, James Brien, George L. Van Vert, L. P. Deveny and Thomas Crispin.

Ryan was terribly burned about the face, hands and legs, and his injuries are serious. He was removed to the hospital. The other four passengers are less seriously injured, and were all able to go to their homes. The force of the explosion turned the locomotive upside down, and the heavy machinery almost fell to pieces in its place on the track.

A Baltimore & Ohio Wreck.

BARNESVILLE, O., Aug. 2.—A wreck occurred on the Baltimore & Ohio railroad, a mile west of here, causing a delay of trains for several hours. Ten cars of a west bound freight were thrown from the track and their contents scattered over the embankments. Three tramps, giving their names as Harry Raycroft, of Ithaca, N. Y., and Glenn Edwards and Harry Williams, of Chicago, were badly hurt. Raycroft will probably die. The wounded men were brought here and surgical aid given them. The wreck will cause a heavy loss to the road.

Through a Trestle.

SILVER CREEK, N. Y., Aug. 2.—An east bound Nickel-Plate freight train crashed through the trestle, near this place, shortly after midnight Tuesday night. Eight cars fell twenty-five feet, smashing them into splinters, and scattering their contents in all directions. Brakeman William Phillips, of Conneaut, O., sustained serious injuries, and is in a critical condition. The trestle is badly damaged.

Cow Causes a Wreck.

TYRASA, Ark., Aug. 2.—A west bound passenger train on the Kansas City, Fort Scott & Memphis railway ran over a cow near here, Tuesday, and was thrown from the track. Fireman John Davis had both legs cut off and died within a few hours. No one else was seriously injured, although the passengers were considerably shaken up.

Will Cost Several Lives.

DETROIT, Mich., Aug. 2.—In the logging railway accident at Caylord, Mich., fifteen Polanders were seriously injured. One of them, Joseph Polthen, of Bay City, Mich., has since died and two more are expected to die.

PATENT MEDICINE CRANKS.

Thousands of Different Kinds of Nostrums Sent to General Sheridan.

NONQUITT, Mass., Aug. 2.—Every day brings to Nonquitt a miscellaneous collection of patent medicines, cure-alls and letters of advice. They come by boat and carriage, by mail, express and special messenger, and all are warranted to cure Gen. Sheridan forthwith. The patent medicine and mineral water cranks are the most annoying. Already they have sent stuff enough to stock a country store. The collection embraces pills in boxes, powders in papers, salve and ointment in jars, medicines, tonics and mineral waters in bottles, jugs and barrels. Old women send herbs and advice in large chunks. They range from porous plasters for rheumatism and cerebro-spinal "come-and-and-get-us" to pills for dyspepsia and salve for corns. They come from all parts of the country, and nearly every state and territory is represented in the collection. California is especially well represented, and far-off Texas sends its share, while the cranks in the immediate vicinity are frequently heard from.

Some of the packages are accompanied by letters from the donors, stating that the particular nostrum recommended saved their lives. Of course none of this stuff is given to the general. Occasionally, when a particularly promising consignment of nerve food or mineral water arrives, the doctors or Col. Sheridan samples it, but they have not yet struck anything that was especially palatable. Most of the stuff is at once thrown away. The letters accompanying show that some come from kind hearted old women, who actually wish to do the general good; others come from patent medicine owners anxious to advertise their wares, but the greater number come from cranks. Every mail brings letters of advice. One or two kindly letters have been received from doctors of reputation giving some well meant information that they think may apply, but most have neither sense or reason.

Gen. Sheridan continues to pass comfortable nights and no important change in his condition is noticed.

Colored Journalists in Council.

NASHVILLE, Tenn., Aug. 2.—Over fifty colored editors are participating in the National Colored Journalists' convention, which opened in the Spruce Street Baptist church to-day. Dr. William Simmons, of Louisville, is the presiding officer, and the address of welcome was delivered by George T. Robinson, editor of the Star. The convention will occupy two days, and a large number of subjects relating to the conduct and management of colored publications are on the program for consideration.

Here's Somebody Satisfied.

HELENA, Mont., Aug. 2.—There have been shipped into Montana within the past fortnight 117,000 cattle from Texas, most of which will be put upon the ranges of eastern Montana. Stock men here are well satisfied with the prices Montana beef now brings in Chicago.

Voted to Open Saloons.

NEW ORLEANS, Aug. 2.—Lauderdale county, Mississippi, voted by 1,060 majority, in favor of opening saloons. This reverses the vote of two years ago.

THE SALVATION ARMY.

Hoosier Hoodlums Attack Its Members at Washington, Indiana.

WASHINGTON, Ind., Aug. 2.—A squad of the Salvation Army struck their tent in this city last Thursday night, and commenced work that night. A gang of howling hoodlums surrounded the tent and made night hideous by their hooting, throwing stones, cutting the tent ropes, and general deviltry.

Monday night after the exercises in the tent were closed the hoodlums again attacked the army. One of the Salvationists fired off a revolver inside the tent, and the mob tore down the canvas, assaulted and thumped the men and women of the army, a policeman using his club on the "colonel," knocked down the women, one of the latter losing the sack containing what money she had taken in at the tent door.

One of the men belonging to the army was jailed Tuesday on a charge of carrying concealed weapons, the police claiming to have found a pair of brass knucks on his person. The Salvationists have announced their determination to stick, and further trouble is expected.

COAL MINE ACCIDENTS.

One Man Has Both Eyes Blown Out, and Another Both Legs Broken.

BUCHTEL, O., Aug. 2.—Tuesday, while blasting a rock in the new shaft of the Nelsonville Coal and Coke company's mine, a shot hung fire. Henry Green approached to examine it, when it exploded with terrific force, hurling him against the rocky walls of the shaft, blowing both eyes out, breaking his right arm and badly injuring him internally. He has a wife and three children dependent upon him for support.

Another.

NEW STRATTSVILLE, O., Aug. 2.—William Archibald, married, aged about forty-five, had both of his legs broken and was otherwise seriously injured in Mine No. 3, Tuesday, by a fall of coal. He is not expected to live. His brother, Robert Archibald, was instantly killed in Mine No. 9 about three months ago.

POINTED PARAGRAPHS.

Topics of the Times Given in a Terse and Spicy Manner.

The colored Baptist Sunday school convention at Chillicothe was a success.

James P. White, Republican congressional incumbent of the Twelfth Indiana district, was renominated.

The Murphy-Havlin fight, which was to have taken place near New York, is reported stopped by the police.

Mrs. John Jones and two sisters, named Sheffer, were probably fatally injured by a runaway horse at Newark, O.

Dr. James Scott, nearly twenty years a member of the Ohio legislature, is dangerously ill at his Lebanon home.

Wilberforce university at Xenia, O., receives \$2,200 by the will of Mrs. Elizabeth Tilleison, of New Bedford, Mass.

One Frank, a young man, went from big Cincinnati to little Newark and was robbed of his valuables by bad villagers.

The air of the Hoosier capital was copper colored. Thermometer was on the perch and Michael Donahue was fatally sunstruck.

The Chambersburg, Pa., woolen mills have shut down, claiming that the Mills bill and free trade ideas have demoralized the market.

Near Lock, O., George Van Fassen investigated a pile of burning brush in the woods and found that it was the funeral pyre of a dead infant.

A ten-year-old boy at Bloomville, O., had a mild lesson on the effects of the bear bottle by filling one with powder and touching a match to it. He was seriously injured.

Land in the leading counties of Kentucky is assessed at from \$33 to \$50 per acre. Even the rocky hill country can always raise something, if nothing more than a hemp-grafted revenue officer.

Near Bardstown, Ky., Ben. Duncan, a shotgun, a woman and a butcher knife, got into a fight, and Ben. Duncan got mixed up with the contents of the gun so inextricably that they will have to be buried together.

During an election fight in Casey county, Kentucky, in 1857, a man named Williams was killed by William Woodrum, who escaped. He is arrested and will answer to the charge of murder twenty-one years after the deed.

London's irrepressible saloonist, Mary Ann Donnelly, put an enemy into Timothy Linsky's mouth and stole away his farm. Timothy has sobered up, got back his natural small modicum of brain, and appeals to the court to set aside the deed.

The two Mormon missionaries, Fallon and Murry, of New Albany, Ind., are continuing their work with one eye gouged out and two lacerated backs. Their utter indifference to these small White Cap souvenirs is explained by the fact that they have just finished a year's labors among the natives of Chicago.

Accident in a Foundry.

LOCKPORT, N. Y., Aug. 2.—An accident occurred at the moulding shop of the Holly Manufacturing company's establishment in this city Tuesday evening by which seven or eight men were badly injured, one of them, named Thompson, quite seriously. A pot of molten iron was being run off when by some mishap one of the long ladles containing about four tons of the metal was overturned and the contents spattered around the men, causing the injuries above stated. Thompson was so badly burned about the legs and feet that it is feared both legs will have to be amputated.

A Plague of Grasshoppers.

MONTREAL, Aug. 2.—In the parish of St. Barthelemi, county of Berthier, swarms of ravenous grasshoppers have settled down upon and eaten almost everything in the fields. The wheat and oat crop in the neighborhood has been completely destroyed. The grasshoppers do not seem to be satisfied at the ruin they have wrought to everything in the shape of fruit and vegetables, but actually eat the cedar bark from the posts along the fences. Priests attribute the plague to the wickedness of the people.

The Hottest of the Season.

CARTHAGE, Ill., Aug. 2.—The past two days have been the hottest of the season. The mercury went up to 98 degrees. Some thermometers marked 100 degrees.

DEMOCRATIC TICKET.

For President,
GROVER CLEVELAND,
of New York.

For Vice President,
ALLAN G. THURMAN,
of Ohio.

AUGUST ELECTION, 1888.
For Sheriff,
JOHN W. ALEXANDER.

ANNOUNCEMENTS.

To the Democrats of the Ninth Congressional District: I beg leave to submit to you my name in connection with the Democratic nomination for Congress from this district. I have no claims to urge over those of any other true Democrat, and make my announcement with some degree of timidity. I hope to make the primary contest in such a manner as not to create dissension or division in the ranks of the party, and, whether I lose or win the nomination, I propose to remain the same unflinching Democrat I have always been. Respectfully,
G. R. KELLAR.
Carlisle, Ky., July 17, 1888.

FOR CONSTABLE.
We are authorized to announce that W. L. MORAN is a candidate for Constable in Maysville precinct No. 2, at the election Monday, August 6, 1888. If he is elected, he will attend promptly and faithfully to the duties of the office.
30451

We are authorized to announce GEO. W. COOK an independent candidate for Constable in the precinct No. 1 at August election 1888.

Notice to the County Democratic Executive Committee.

The members of the Democratic Executive Committee of Mason County are notified that a meeting of said committee will be held at the County Clerk's office Saturday, August 4th, at 2 p. m. Important meeting. THOS. J. CHENOWETH, Chairman Executive Committee.

THERE is no discount on your Indiana Democrat, and no fleas on him. In the shops of the Encaustic Tile Works in that State the owners have placarded the legend. "If the Mills bill is passed there will be no reduction of wages in this establishment." That is fighting the devil's fire with dynamite.—Louisville Times.

TAYLOR, Ex-Minister to Liberia, and a colored man, who was a prominent member of the Indianapolis colored Democratic convention, says if the campaign is to be run on the issue of 1840, General Harrison will get no intelligent colored man's vote, because grand-father Harrison was violently opposed to abolitionism.—Exchange.

There are some colored men in this city who will not vote for the grandson.

At the session of the M. E. Church Sunday school last Sunday morning the following resolution was unanimously adopted:

Resolved, That we tender our thanks to Mr. John Powers for the use of his beautiful grounds, also for the pleasant accessories of ice, water, and for the many courtesies received at his hands and from the members of his family on the occasion of our Sunday school picnic Wednesday, July 25.

AN exchange says: "The negroes of the North have revolted against the bondage in which the Republican party has held them since 1865. Thousands of them are joining the Democrats and will vote for Cleveland, Thurman and lower taxation. The amusing part of the business is the rage of Republican editors, who would give every one of these 'run-away niggers' nine and thirty lashes."

FREE wool and reduced taxes on the necessities of life would double our woolen products; would double home labor in the woolen industries; would cheapen woollens over one hundred million dollars to home consumers, and would give our whole home market to our home industry.—Philadelphia Times.

And yet there are some poor deluded mortals who oppose free wool simply because the Democrats are seeking to make it free. Republicans right here in Maysville admit this. They favor tariff reform, but don't want the Democrats to have the credit of bringing it about.

A Word to Democrats.

The August election will come off next Monday, and it is the duty of every Democrat to turn out and vote for John W. Alexander for Sheriff.

Mr. Alexander is the unanimous nominee of his party. There was not one word urged against him at the nominating convention. He was selected by acclamation. He is an honest, straightforward citizen, has made an efficient and faithful deputy under Sheriff Perrine, and is worthy of the vote of any man, be he Democrat or Republican. More than that, as their party's nominee, he is entitled to the vote of every Democrat. Be on hand, therefore, Monday and give him your support.

His opponent, Thomas Forman, is an uncompromising Republican. The poll-books of past elections prove that beyond a doubt, and yet he is appealing to Democrats for their support. Let no Democrat be misled by his talk. Let every one be at the polls Monday and vote and see that his Democratic neighbors do likewise.

The future welfare and success of the party is at stake. Do your duty, and all will be well. Every vote is needed in this year when a President is to be chosen. There should be no break in the ranks.

INTERNAL REVENUE.

Large Increase in Collections Over Last July—Notes of Interest To Distillers and Dealers

General Robinson reports the collections of internal revenue in this district, for the month of July as follows:

Spirits.....\$270,471 60
Liquors.....128 49
Beer.....249 75
Cigars.....1,194 60
Tobacco.....678 44
Special tax.....737 60

Total.....\$273,438 48

The gain over the corresponding month of last year is \$21,317.47. The total collections made by General Robinson since he assumed charge of the Collector's office on June 8th, 1885, foots up the handsome sum of \$5,770,295.96. The Lexington Transcript says: "The indications are that collections in this district during the present fiscal year will exceed the amount collected last year by several hundred thousand dollars. Last year the collections made exceeded the year preceding by nearly \$300,000, so that it will be seen that the amount of business transacted in this district is steadily increasing."

"Distillers generally in this district are declining to go into the whisky pool by which the production of the past season was greatly limited. Many of them are preparing to begin operations the approaching fall at much earlier dates than usual, and if the signs do not fail next season will be an unusually active one among Bluegrass distillers."

"Notwithstanding the large amount of whisky forced out of bond last month, as shown by the increased tax payments, not a single package was reported during the month from this district which is something unusual and a clear indication that the market for fine whisky is in a healthy condition."

ANDREW CARNEGIE swore before a committee of Congress that he made \$1,500,000 out of the Edgar Thompson steel works every year—a business that is protected by the tariff to the extent of 58.01 per cent. Do the laboring men think they are benefited by a system that permits a single individual to make a million and a half off their labor every year?—Exchange.

Yes, and then this Mr. Carnegie not content with this enormous profit tries to increase it by forcing his employees to accept a reduction of 10 per cent. in their wages. Of course the high tariff gives protection—to Mr. Carnegie and other monopolists.

Mississippians in Mortal Combat.

PITTSBORO, Miss., Aug. 2.—A battle took place Tuesday between Bob Reagan on one side and E. N. Enoch, James Enoch and Charles Cochran on the other. The men had a dispute over business matter and Reagan was assaulted by the other three. He retired into a blacksmith's shop, followed by his assailants, and finding the back door locked, he drew his pocket knife and used it with such effect that in less than five minutes Cochran lay dead on the ground and the Enoch brothers were mortally hurt. Reagan received a blow with a bar that broke three of his ribs.

Heavy Storm in Iowa.

CLINTON, Iowa, Aug. 2.—A violent wind and rain storm visited here Tuesday evening, during the progress of which a barn belonging to Long Buell, two miles west of Lyons, was struck by lightning and destroyed. A valuable mare and colt, farming machinery, etc., were also burned. Loss, \$7,000; insured for one-half. A horse was knocked down on the street and it is said to have been fatally injured by lightning, which struck in at least a dozen places. One man was badly shocked, but will recover.

Happy Letter-Carriers.

NEW YORK, Aug. 2.—The letter-carriers of this city have begun work under the provisions of the eight hour law. The force has been increased one-fourth to meet the requirements of the law. The new order of affairs will interfere temporarily with the carriers' vacations by the substitute force being pressed into regular service. The men are jubilant that their two years' struggle for a few years' work has been successful.

Were the Officers Asleep?

ATLANTIC CITY, N. J., Aug. 2.—The post-office here was entered by burglars Tuesday night, the safe blown open and \$1,200 in two cent stamps and \$200 in cash were stolen therefrom. Besides the above booty a portion of the registered mail matter was rifled. The postoffice adjoins the city hall and police headquarters, and this job was consummated within twenty-five feet of the officers on duty.

A \$1,000,000 Suit.

NEW YORK, Aug. 2.—William L. Breese, senior member of the stock exchange firm of Breese & Smith, has begun suit in the supreme court against William K. Vanderbilt for alleged breach of contract on a certain negotiation on Lake Shore stock. Damages are placed at \$1,000,000, with interest.

Digging for Gold.

AKRON, O., Aug. 2.—The denizens of Richfield, in the western part of this county, have temporarily quit farm work, and many of them are digging in a field for gold, all because William Wilkinson, a resident there, Monday unearthed several hundred dollars of gold coin neatly put up in a can. It being the former stamping ground of the once notorious Jim Brown, of historic fame, it is supposed that he buried the money, as it is shown that it has been in the earth for many years.

One Hundred and Five in the Shade.

CHICAGO, Aug. 2.—Dispatches from various points in northern Illinois and southern Wisconsin report Tuesday to have been the hottest day of the season—the temperature ranging from 92 to 105 degrees. A violent thunder storm is reported from several points and much damage was done by lightning, especially about Clinton, Iowa. A number of prosecutions from heat are reported, two fatal.

Six Sunstrokes.

DIXON, Ill., Aug. 2.—Six laborers working on the Anglo-Swiss milk factory were sunstruck Tuesday afternoon. The entire gang was compelled to quit work on account of the heat.

THE saloons at Morehead have all been closed under the local option law recently voted, and what liquor is now drank there is brought in jugs and kegs from Lexington, Mt. Sterling and Ashland. The law is being rigidly enforced throughout Rowan County.

MESSRS. J. H. RAINS & SONS have about completed the work of fitting up their tobacco factory on Maddox avenue, and will commence manufacturing twist tobacco in a few days. The senior member of the firm is in Cincinnati on business connected with the enterprise.

THE Central Presbyterian Church have granted their pastor, Rev. Russell Cecil, the annual vacation, and there will be no services at the church, except prayer meeting on Wednesday evenings at 8 o'clock and Sunday school at 9:30 a. m., until his return about the first of September.

MR C. B. POYNTZ received has word from Hon. James A. McKenzie, of Hopkinsville, that legal engagements prevented his addressing the Democrats here Saturday night. The distinguished speaker says he will be on hand in the Congressional campaign, however, and make several speeches in this district.

TROUBLE NEAR SPRINGDALE.

Three Railroad Negroes in Custody on a Serious Charge.

Robert Harrison, Ben Wilson and Geo. Brooks, three negroes employed on the railroad, near Springdale, were before 'Squire Grant yesterday, charged with shooting at George Hughes with intent to wound. The accused were all held over to answer the charge at the next term of the Circuit Court. Their bail was fixed at \$100 each.

The trouble occurred Saturday last. Hughes is a tenant of N. B. Rogers, and became involved in a dispute that afternoon with James Lemley, who occupies a shanty-boat at that point, over a pathway to the river. Lemley called on the railroad hands for assistance, but the dispute was settled without a collision.

That evening all attended a Republican meeting at Springdale, and while Hughes was on his way home he was attacked by a crowd of the negroes. Several shots were fired at him but without effect. He identified Harrison as one of the shooters.

The trouble led to the arrest of Isaac Lemley and Alice Walton, two of the occupants of the boat, on a charge of fornication. They were convicted of the offense and 'Squire Grant fined each of them \$30 and costs.

Marshal Hedlin and Deputy Marshal Dawson brought the accused in. There were some twenty-five or thirty witnesses and the trials was not finished till late yesterday afternoon.

Let every Democrat turn out. A special invitation is extended to the ladies, and seats will be reserved for them.

River News.

The little steamer Racket is running as a passenger packet between Aurora and Patriot, Ind.

Due up to-night: Bonanza for Portsmouth and Bostona for Pomeroy. Down: Andes this afternoon and Big Sandy to-night.

The Portsmouth Blade says: "Capt. Kirker, of the steamer Big Sandy, does not take the despondent view of the effect that the railroad will have on their business which has come over other boatmen. The Captain says that there has been no falling off in the Sandy's receipts since the cars began running and he does not apprehend that the present conditions will be changed, at least not before the completion of the bridge across the Ohio at Covington, which will enable the road to land its passengers in Cincinnati, and even then he does not apprehend any serious decrease in river business, except for the first few weeks while the novelty is on. The Captain holds that its time to flee from the blues when they come in sight."

Stock, Field and Farm.

The Ripley Bee says the prospects for large crops were never better.

On account of the prospect for a superior corn crop, there is considerable demand for hogs for feeding purposes in Central Kentucky. Some of the best informed farmers think they will be cut rent at six cents in a short time.

New wheat is coming in large quantities and the grain merchants are busy. The Pearce Bros.' Milling Company has received so far about 50,000 bushels, and other dealers have been rushed for some days. The crop is a splendid one, and the ruling price 80 cents a bushel.

John Madden, of Lexington, Ky., has sold to W. H. Hill, of Worcester, Mass., the grey colt Ready Boy, by Arnold, and the chestnut pacing mare Wickopee, record, 2:26, as a three-year-old. Both horses are sold with their engagements through the grand circuit. Price for both, \$12,000.

The Michigan Farmer says: "Our opinion is that excessively fat mutton will soon be as hard of sale as very fat beef, or the big six or seven hundred pound hog which found favor ten or fifteen years ago. Flesh, not fat, is what Americans require, and feeders should remember this when preparing stock for home consumption.

About all the heavy cattle in the county have been sold, the bulk of them at 5½ to 5½ cents. As they were bought at about 3½ to 3½ cents, our feeders got about twice as much for them as they cost. This certainly pays well for feeding and leaves a good profit. When a fat steer brings nearly one hundred dollars, there is little room for grumbling on the part of the feeder.—Winchester Democrat.

DEATH'S DOINGS.

A Number of Homes Darkened by a Visit From the Grim Destroyer.

The angel of death has been busy in this city and county the past day or two and the emblems of grief are now to be seen in several homes.

Mrs. Charlotte Zech died yesterday afternoon about one o'clock at the family residence on East Second street. She had been a sufferer for some time from catarrh of the liver. A few days ago, her condition became critical, and her family and friends soon realized that the end was near. She breathed her last at the hour named.

The deceased was sixty-three years old, and was the wife of Mr. John Zech. Her husband and five children, two daughters, Mrs. Jas. D. Gunn, Miss Barbra Zech and three sons John Zech, Jr., of Newport, W. R. Zech, of Decatur, Ala., and Louis Zech, of this city—survive her.

The funeral will take place to-morrow afternoon at half past three o'clock at the family residence, services by Rev. Russell Cecil.

MARIA LEE MOUNTJOY.

Miss MariaLee Mountjoy died last night at nine o'clock at her mother's home near Summit Station, of typhoid fever. She was the daughter of Mrs. James Mountjoy and was about twenty-two years of age. The funeral will be preached to-morrow morning at 10 o'clock, by Rev. Cleon Keyes.

MRS. G. A. HENDERSON.

The death of Mrs. G. A. Henderson, of Mt. Carmel, occurred yesterday at that place. The deceased was about fifty years of age. She became afflicted with some mental troubles several months ago and was taken to the College Hill Sanitarium at Cincinnati, but the best of treatment failed to bring any relief. She leaves some relatives in this city.

DURING the storm yesterday afternoon a house on Mr. Wm. Durrett's farm near Washington was struck by lightning. The building was occupied by a family named Ruark, all of whom escaped without injury except two of the children who were slightly burned. A rooster that was standing on the door-step was killed.

COLONEL AND MRS. FRANK S. OWENS left to-day for St. Clair, Mt. Clements and Petosky, Mich., to be gone about four weeks, for the latter's health. The Colonel is well supplied with fishing tackle, and as he is an enthusiastic disciple of Isaak Walton, much of his time will no doubt be devoted to tackling the finny tribe.

The lightning during the storm yesterday afternoon "played smash" with the Maysville and Big Sandy's telegraph line in this vicinity. Six poles near the fair ground were torn down and the company's instrument at the K. C. depot destroyed. Superintendent Dysard was busy yesterday evening and this morning repairing the damages.

ROBERT MORRIS, LL. D., who was perhaps the most highly honored Mason of the age, died Tuesday at his home at La Grange, Ky. Dr. Morris was eminent for his learning; but it was chiefly because of his great devotion to Masonry that he was made famous. He spent his life in studying the subject, and many of the most valuable writings on Freemasonry come from his pen.

HON. W. H. WADSWORTH addressed the Harrison and Morton Club at the meeting last evening. He spoke for nearly two hours in his forcible style and manner. The attendance was about as usual and the meeting was accompanied with the usual racket from the drummers and fifers. A noticeable feature of the evening, however, was that the boys didn't display the enthusiasm that has characterized previous meetings of the club.

THE wheelmen of Central Kentucky have formed a combination for the purpose of co-operating on runs. The following representatives have been appointed: G. S. Judd, Maysville; H. Redman, Cynthia; A. J. Winters, Paris; A. D. Ruff, Richmond; Hervey Keller, Carlisle; T. H. Tarr, Lexington; J. F. Miller, Millersburg; Ed H. Croninger, Covington. Twenty-eight attended the meeting at Blue Lick Springs recently.

SHOULD the bill providing for Government buildings for postoffices whose receipts range from \$3,000 to \$25,000 become a law, twenty-three Kentucky cities will get buildings. Covington will get a building costing \$25,000, Newport \$20,000, and Ashland, Bowling Green, Catlettsburg, Cynthia, Danville, Frankfort, Georgetown, Harrodsburg, Henderson, Hopkinsville, Lebanon, Maysville, Mt. Sterling, Owensboro, Paducah, Paris, Richmond, Shelbyville, Versailles and Winchester buildings each costing \$15,000.

BROTHER ORT, of the Daily Irontonian, has opposition. The Daily Republican is the latest newspaper venture at that place.

EVERY cigarette smoker among the candidates for admission to West Point at the last examination was rejected. A touch at the heart told the story, and the doom followed.

A SUNDAY school institute of the district composed of Nicholas, Harrison, Robertson, Bracken, Mason, Fleming and Lewis counties, will be held at Carlisle to-day and to-morrow.

THE Fleming True Blue Democrat was correct when it said: "The Maysville fair is going to be the most popular and interesting event among lovers of horse flesh this season. The programme is rich with spirited events."

REV. J. R. PEEPLES, Presiding Elder of this district, M. E. Church, South, has gone to Hot Springs for his health. He is improving, and expects to be able to resume his ministerial duties by the annual conference in September.

KING's combination spectacles have been conceded by all the leading oculists to be the best for the eyes. They strengthen and preserve the sight. Call and have your eyes examined by Dr. King's optimeter. No charge for examination, at Hopper & Murphy, the jewelers'.

Twenty-Seven Rounds Finish the Latter.
Two Fights in New York—Maud S in Training—Result of the Races at Saratoga—Tony Mullane in Trouble—Notes.

DENVER, Col., Aug. 2.—Billy Ross, of San Francisco, and J. Sterling, champion middle-weight of Wyoming, fought twenty-seven rounds, London prize ring rules, for \$300, Tuesday afternoon, about twenty-five miles from this city. The fight lasted one hour and a quarter. No hard fighting was indulged in until the eighteenth round, when the Cheyenne man was sent to earth with a terrific right-hander. From the twentieth round until the last he was knocked down each time, but succeeded in coming to the scratch.

At the conclusion of the twenty-sixth round Sterling fell all in a heap, practically insensible. When "Time" was called in the twenty-seventh round he managed to crawl and stagger into the ring, too weak and too dazed to defend himself. He was knocked out by a swinging blow on the left jaw. Sterling was so humbled by his defeat that he swore he would not return to his home in Cheyenne.

Maud S in Training.

NEW YORK, Aug. 2.—Robert Bonner drove Maud S to Fleetwood Tuesday and back to the stables at 50 Sixth street. Speaking of the mare and her present work Bonner says:

"At present I am treating Maud as an athlete at college would be treated while training for a race. A champion college runner could be beaten by any country fellow if he jumped in and tried to run without preparation. The same thing is true of Maud, and I am bringing her into proper form gradually. I drive Maud to Fleetwood afternoons myself as part of her training."

"We do not regard Maud's present performance as authority to boast about, although no other horse living could equal them. On the Fleetwood track she made a mile Tuesday in 2:12 3/4. She trotted a mile in 2:13 1/4 on that track when Vanderbilt owned her, and that was one and one-quarter seconds faster than the best mile ever made on the track by Trinket, who came second to Maud S in the Fleetwood records. At that time the track was much faster, having been carefully covered with fresh earth. The covering has now worn away, and the track is cuppy. Trinket could have made no such time on a similar track."

"Maud has done no hard work, and when Murphy gives her an occasional fast mile, she makes remarkable fast time, considering the fact that she is always eased up coming up hill. In my opinion Fleetwood track is at least three seconds slower than Land track, and the conditions are such that 2:50 horses could come nearer their record than 2:05 horses. I have not decided what to do with Maud yet, but if any horse come near her record next fall, I shall probably let her trot against time, for I am confident she can beat her record of 2:08 1/4."

The Off Day at Saratoga.

SARATOGA, N. Y., Aug. 2.—Wednesday was an off day in the race meeting here, but there was a good attendance at the track nevertheless. The events on the card, of which there were five, were nothing out of the ordinary. The weather is clear and the track good.

The first was a three-quarters of a mile dash, for a purse of \$500, \$50 to the second. Business won, with King Crab second and Kermesse third. Time 1:17 3/4.

Second race, purse \$400, one and one-eighth miles: Amelia P first, Banjo second, Longlight third. Time 2:00 1/4.

Third race, purse \$350, for non-winners, one mile at Saratoga, \$50 to second: Birthday first, Volatile second, Argo third. Time 1:46 1/4.

Fourth race, purse \$350, one and one-sixteenth miles: Brought On first, Eligton second, Red Stone third. Time 1:54.

Fifth race, steeplechase, over 1/2 fractional course No. 2, distance about one mile and a half, purse \$400: Killarney first, Abraham second, Sanford third. Time 2:33.

Won on a Foul.

NEW YORK, Aug. 2.—Monte Lewis and Mike Burke, both of Coney Island, fought for \$100 a side and a purse of \$150 with gloves, Marquis of Queensbury rules, five miles from Bayonne, in a pouring rain, early this morning. Burke weighed 130 pounds and Lewis 110. Both are the same height and age. The fighting was hard and rapid up to the fifth round, when the contest was awarded to Lewis on a foul, Burke having kicked him in the chest while down.

Acton and Faulkner Wrestled.

SAN FRANCISCO, Aug. 2.—Joe Acton, of Philadelphia, and James Faulkner, of San Francisco, wrestled here Tuesday night, catch-as-catch-can for \$2,500. The match was won by Acton, who took the first and third falls. Time twenty-seven minutes in first bout, twenty-three minutes in the second and six minutes in the third.

Tony Mullane Arrested.

NEW YORK, Aug. 2.—Tony Mullane, Cincinnati pitcher, was arrested in Brooklyn Tuesday night on an old warrant for contempt of court in not appearing last fall to answer a process for debt to a merchant in Brooklyn. He will have to pay a fine of \$250.

A Short Fight.

PORT JERVIS, N. Y., Aug. 2.—Sidney Mallock, of Hancock, N. Y., and Jack Hopper, of New York, fought near Cook's Falls, Delaware county, New York, Tuesday night for \$500 a side. Hopper was knocked out in one round.

For the Chesterfield Cup.

LONDON, Aug. 2.—The feature of the second day of the Goodwood race meeting was the race for the Chesterfield cup. It was won by Candemas, Lisbon second and Dante third.

A Match Race Arranged.

BUFFALO, N. Y., Aug. 2.—A match race for \$2,000 between Belle Hamlin and Clingstone has been arranged to take place during the grand circuit races at Buffalo.

Notes.

Bartson, of the Peorias, has signed as a pitcher with the Buffalos.

Catcher Sam. Trott has been released by Baltimore to reduce expenses.

Biddy Bowling, Vision, Gracie D. Holland, Dick Wright and Red Leaf were first in the Chicago races Tuesday.

Winners at Monmouth Park races Tuesday were Kalolah, Cyclone colt, Defaulter, Priangi, Chamols filly.

NEBRASKA STYLE.

A Mob at Pawnee City Compel a Murderer to Jump Into Eternity.

OMAHA, Neb., Aug. 2.—Fremont Emmons, the young man who stabbed to death Miss Bertha Schultz, a laundress, at Pawnee City several days ago because she rejected his proposal of marriage, was taken from the officers by a mob at Pawnee City at a m. Tuesday and lynched.

The mob took Emmons to the railroad bridge in the western part of the city, and a minister was called to pray for him. Emmons then made a few remarks. He warned young men against the use of whisky, declaring it the cause of his ruin. He refused to say anything of the crime for which he was soon to swing. He neither admitted or denied it. At the conclusion of his speech he prayed briefly for himself. The rope being tied around his neck and fastened to the bridge, he was commanded to jump. At the second command Emmons made the fatal leap. He fell nearly ten feet. His neck was broken. He scarcely made a struggle. The mob then quietly dispersed, leaving the body hanging.

Hanged to a Tree.

NASHVILLE, Tenn., Aug. 2.—A mob of fifty armed men visited the jail at Carthage, Smith county, late Tuesday night, and taking W. H. Handley from his cell, hanged him to a tree. The sheriff refused to surrender Handley, and about thirty shots were exchanged between the officers and the mob. Handley killed Deputy Sheriff Warman last September while trying to rescue a prisoner from the officer.

Death of a Well Known Mason.

LOUISVILLE, Aug. 2.—Dr. Robert Morris, one of the oldest and best known Masons in the United States, died Tuesday morning at his home in Lagrange. About six weeks ago he was stricken with paralysis, since which time he has been slowly sinking. Dr. Morris was born in Mississippi August 31, 1816, and became a Mason in 1846 in Oxford, Miss. He advanced to the Cyptic rite in New York city in 1864, and the Rite of Memphis to the nineteenth degree in 1865. Dr. Morris was the acknowledged authority on all Masonic matters, and with Albert Pike, was considered the best posted Mason in the country.

A Juvenile Murderer.

LAFAYETTE, Ind., Aug. 2.—This morning while a number of young boys were congregated on Brown street bridge Burt White and Willie Ellsworth got into a wrangle, and during the controversy White drew a revolver and shot Ellsworth dead, then ran away. He was captured an hour or two after the shooting. White is only seventeen, and for some time has been recognized as the chief of the "Dirty Dozen," a set of hardened young vagabonds of this city.

Attempted to Murder a Sheriff.

NEW ORLEANS, Aug. 2.—The Picayune's Natchez, Miss., special says a cowardly attempt was made Tuesday night to murder Dr. W. E. Robb, the newly elected sheriff of Catahoula parish, at Harrisonburg, by William and Henry Haltman, who fired on the doctor without warning. Robb is in a critical condition.

Murderer Recaptured.

HELENA, Mont., Aug. 2.—Alexander Wood, colored, who recently escaped from jail at Blackfoot, Idaho, where he was to have been hanged for wife murder on July 20, has been recaptured, and is now on his way to Idaho. He will be hanged on August 17.

Defaulter Nelson Released.

TRENTON, Ont., Aug. 2.—Nelson, the Atlanta, Ga., defaulter, was released from custody to-day for lack of evidence against him.

Indications.

WASHINGTON, Aug. 2.—Local rains, followed by fair weather; slightly cooler, variable winds.

FINANCE AND COMMERCE.

Quotations for the Money, Stock, Produce and Cattle Markets for August 1.

NEW YORK.—Money 1/4 per cent. Exchange steady; Governments steady.

Currency sixes, 120 bid; four coupons, 127 1/2 bid; four-and-a-half, 107 1/2 bid.

The stock market opened feverish at declines extending from 1/4 to 1/2 per cent., but after the first few transactions a buying of Western Union, Lake Shore and Union Pacific was inaugurated, and under their lead prices advanced 1/4 to 1/2 per cent., from the lowest point by noon. The market has since been feverish and irregular. Lake Shore is exceptionally strong, on a good buying.
